Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

[2] Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

[3] Plan N pays 100% of the Part B coinsurance, except for a co-payment of up to $20 for some office visits and up to a $50 co-payment for emergency room visits that do not result in an inpatient admission.

PREMIUM CALCULATOR

Medicare Supplement Insurance Plan _____

Before you begin: If applicant is not in the open enrollment or guarantee issue period, please see the height and weight chart on following page to determine eligibility for coverage.

HEIGHT AND WEIGHT CHART

Eligibility (If Applicant is not in open enrollment or guarantee issue period)
To determine whether Applicant is eligible to purchase coverage, locate height, then weight in the chart below. If weight is in the Decline column, Applicant is not eligible for coverage at this time. If an applicant's weight is in the decline column our guideline is that they would need to lose weight and have their weight stabilize for a period of 6 months to 1 year before we could reconsider them.

Rate Adjustment:
The column heading above weight will indicate appropriate rate adjustment, if any (risk class).
